

**AVOCA COMMUNITY TECHNOLOGY CLASSES**

*Open to all Avoca residents ages 18 and above at no cost.  
Enhance your basic technology skills in the comfort of your own community schools.*

**CLASS #1: Skype & Instant Messaging Online**

Date: Saturday – **February 27, 2010** (Instructor – Gail Soriano)  
Time: 10:00 – 11:30 a.m.  
Location: Avoca West Elementary School, Computer Lab (235 Beech Dr., Glenview)  
Description: Learn how to communicate with family and friends on the computer for free! You will learn how to use Skype to video chat with family and friends. You will also learn how to instant message friends and family on the computer. Come and get connected!

**CLASS #2: Twitter 101 – Introduction to the Twittersverse**

Date: Saturday – **February 27, 2010** (Instructor – Chris Brown)  
Time: Noon – 1:30 p.m.  
Location: Avoca West Elementary School, Computer Lab (235 Beech Dr., Glenview)  
Description: Ever wonder what all the fuss is about Twitter and why the evening news, major companies, politicians, entertainers, and sports stars use it? Come in and get started with this unique way to communicate and collaborate with those from all over the world!

**CLASS #3: Everything You Ever Wanted To Know About Google!**

Date: Saturday – **March 6, 2010** (Instructor - Kim Zimmer)  
Time: 10:00 a.m. – Noon  
Location: Avoca West Elementary School, Computer Lab (235 Beech Dr., Glenview)  
Description: Put on your Google goggles, because this class will fly! Learn from a Google Certified Teacher how to get the best possible search results on Google and familiarize yourself with the 40+ FREE productivity tools that are available with every Google account.

**CLASS #4: Make Your Own iMovie!**

Date: Saturday – **March 13, 2010** (Instructor – Beth Haugeberg)  
Time: 10:00 a.m. – Noon  
Location: Avoca West Elementary School, Computer Lab (235 Beech Dr., Glenview)  
Description: Class participants will make a digital video montage in iMovie (just like our students here at Avoca West) using digital photographs, music and voice-over recording. Bring a thumb-drive or CD of 6-10 digital pictures, and we will make those into a narrated movie with background music. Get a little experience with a program that our students use frequently!
